

ՕՐԸ	ԺԱՄԸ	Gen.Medicine 1-1					
		11401	11402	11403	11404	11417	11418
I	9:30-10:50	Human Anatomy	Medical physics	Medical chemistry-2	Medical Biology	Cytology and General Histology, Embryology with Molecular Biology, Histology	Cytology and General Histology, Embryology with Molecular Biology, Histology
		Human Anatomy	Medical physics	Medical chemistry-2	Medical Biology	Cytology and General Histology, Embryology with Molecular Biology, Histology	Cytology and General Histology, Embryology with Molecular Biology, Histology
	11:10-12:30	Academic Armenian	Human Anatomy	Physical training	Cytology and General Histology, Embryology with Molecular Biology, Histology	Medical Biology	Medical physics
		Academic Armenian	Human Anatomy	Physical training	Cytology and General Histology, Embryology with Molecular Biology, Histology	Medical Biology	Medical physics
	12:50-14:10	Flow Medical Biology 8 room, Medical physics 8 room, Medical chemistry-2 7 room, Human Anatomy 1 room					
		Flow Medical Biology 8 room, Medical physics 8 room, Medical chemistry-2 7 room, Human Anatomy 1 room					
	14:30-15:50	Physical training	Academic Armenian	Academic Armenian	Medical Biophysics with Molecular Biology	Academic Armenian	Medical Biophysics with Molecular Biology
		Physical training	Academic Armenian	Academic Armenian	Medical Biophysics with Molecular Biology	Academic Armenian	Medical Biophysics with Molecular Biology
	16:10-17:30						
II	9:30-10:50	Academic English	Clinical Anatomy	Human Anatomy	Physical training	Medical physics	Latin
		Academic English		Human Anatomy	Physical training	Medical physics	Latin
	11:10-12:30	Clinical Anatomy	Medical Biology	Latin	Human Anatomy	Clinical Anatomy	Medical physics
		Clinical Anatomy	Medical Biology	Latin	Human Anatomy	Cytology and General Histology, Embryology with Molecular Biology, Histology	Medical physics
	12:50-14:10	Medical Biology	Academic English	Medical physics	Medical physics	Medical Biophysics with Molecular Biology	Human Anatomy
		Medical Biology	Academic English	Medical physics	Medical physics	Medical Biophysics with Molecular Biology	Human Anatomy
	14:30-15:50	Academic Armenian	Latin			Medical chemistry-2	Clinical Anatomy
		Academic Armenian	Latin	Clinical Anatomy		Medical chemistry-2	
	16:10-17:30						
III	9:30-10:50	Medical chemistry-2	Cytology and General Histology, Embryology with Molecular Biology, Histology	Human Anatomy	Cytology and General Histology, Embryology with Molecular Biology, Histology	Clinical Anatomy	Academic Armenian
		Medical chemistry-2	Cytology and General Histology, Embryology with Molecular Biology, Histology	Cytology and General Histology, Embryology with Molecular Biology, Histology	Human Anatomy	Clinical Anatomy	Academic Armenian
	11:10-12:30	Cytology and General Histology, Embryology with Molecular Biology, Histology	History of Armenian Civilization, History of Medicine in Armenia	Medical physics	Latin	Academic Armenian	Medical Biology
		Cytology and General Histology, Embryology with Molecular Biology, Histology		Medical physics	Latin	Academic Armenian	Medical Biology
	12:50-14:10	Clinical Anatomy	Medical Biophysics with Molecular Biology	Academic English	Academic Armenian	Medical Biology	Academic English
			Medical Biophysics with Molecular Biology	Academic English	Academic Armenian	Medical Biology	Academic English
	14:30-15:50				Clinical Anatomy		Physical training
				History of Armenian Civilization, History of Medicine in Armenia			Physical training
	16:10-17:30						
IV	9:30-10:50	Medical physics	Medical physics	Medical Biology		Human Anatomy	Cytology and General Histology, Embryology with Molecular Biology, Histology
		Medical physics	Medical physics	Medical Biology	History of Armenian Civilization, History of Medicine in Armenia	Human Anatomy	Human Anatomy
	11:10-12:30	Flow Cytology and General Histology, Embryology with Molecular Biology, Histology 1 room, Clinical Anatomy 8 room, Radiology 8 room, Medical Biophysics with Molecular Biology 8 room					
		Flow Cytology and General Histology, Embryology with Molecular Biology, Histology 1 room, Clinical Anatomy 8 room, Radiology 8 room, Medical Biophysics with Molecular Biology 8 room					
	12:50-14:10	Latin	Physical training	Clinical Anatomy	Academic English	Medical physics	Medical Biology
		Latin	Physical training	Clinical Anatomy	Academic English	Medical physics	Medical Biology
	14:30-15:50	Medical Biology	Medical chemistry-2	Medical Biophysics with Molecular Biology	Academic Armenian	Latin	Academic Armenian
		Medical Biology	Medical chemistry-2	Medical Biophysics with Molecular Biology	Academic Armenian	Latin	Academic Armenian
	16:10-17:30						
V	9:30-10:50	History of Armenian Civilization, History of Medicine in Armenia	Academic Armenian	Academic Armenian	Clinical Anatomy	Academic English	Medical chemistry-2
			Academic Armenian	Academic Armenian	Clinical Anatomy	Academic English	Medical chemistry-2
	11:10-12:30	Medical physics	Clinical Anatomy	Medical Biology	Medical chemistry-2	Human Anatomy	History of Armenian Civilization, History of Medicine in Armenia
		Medical physics	Clinical Anatomy	Medical Biology	Medical chemistry-2	History of Armenian Civilization, History of Medicine in Armenia	
	12:50-14:10	Human Anatomy	Cytology and General Histology, Embryology with Molecular Biology, Histology	Cytology and General Histology, Embryology with Molecular Biology, Histology	Medical Biology	Physical training	Clinical Anatomy
		Cytology and General Histology, Embryology with Molecular Biology, Histology	Human Anatomy	Cytology and General Histology, Embryology with Molecular Biology, Histology	Medical Biology	Physical training	Clinical Anatomy
	14:30-15:50	Medical Biophysics with Molecular Biology	Medical Biology		Medical physics		
		Medical Biophysics with Molecular Biology	Medical Biology		Medical physics		
	16:10-17:30
