

ՕՐԸ	ԺԱՄԸ	Gen.Med.2									
		21444	21445	21446	21447	21454	21455	21456	21457	21458	21459
I	9:30-10:50	Medical biochemistry	Human physiology		Bioethics			Human physiology	Philosophy	Medical Microbiology, virology, immunology with Molecular Biology	
		Medical biochemistry	Human physiology					Human physiology	Philosophy	Fundamentals of Research	
	11:10-12:30		Practical skills 2: surgical skills	Fundamentals of Research	Medical biochemistry	Human physiology	Medical biochemistry	Medical Microbiology, virology, immunology with	Fundamentals of Research	Human physiology	Basics of Parasitology
			Practical skills 2: surgical skills	Fundamentals of Research	Medical biochemistry	Human physiology	Medical biochemistry	Medical Microbiology, virology, immunology with		Human physiology	Basics of Parasitology
	12:50-14:10	Biostatistics		Armenian language	Human physiology	Fundamentals of Research	Basics of Parasitology	Practical skills 2: surgical skills	Armenian language		Medical Microbiology, virology, immunology with
		Biostatistics		Armenian language	Human physiology	Fundamentals of Research	Basics of Parasitology	Practical skills 2: surgical skills	Armenian language		Medical Microbiology, virology, immunology with
	14:30-15:50	Armenian language				Biostatistics	Human physiology				Practical skills 2: surgical skills
Armenian language					Biostatistics	Human physiology				Practical skills 2: surgical skills	
16:10-17:30			Biostatistics								
II	9:30-10:50	Flow Human physiology 4 room, Medical Microbiology, virology, immunology with Molecular Biology 4 room, Medical biochemistry 6 room, Basics of Parasitology 8 room									
		Flow Human physiology 4 room, Medical Microbiology, virology, immunology with Molecular Biology 4 room, Medical biochemistry 6 room, Basics of Parasitology 8 room									
	11:10-12:30	Human physiology	Medical Microbiology, virology, immunology with	Fundamentals of Research	Basics of Parasitology	Medical biochemistry	Medical Microbiology, virology, immunology with	Philosophy	Medical Microbiology, virology, immunology with	Philosophy	Human physiology
		Human physiology	Medical Microbiology, virology, immunology with	Bioethics	Basics of Parasitology	Medical biochemistry	Medical Microbiology, virology, immunology with	Philosophy	Medical Microbiology, virology, immunology with	Philosophy	Human physiology
	12:50-14:10	Basics of Parasitology	Fundamentals of Research	Human physiology	Medical Microbiology, virology, immunology with	Bioethics	Practical skills 2: surgical skills		Biostatistics		Fundamentals of Research
		Basics of Parasitology	Fundamentals of Research	Human physiology		Medical Microbiology, virology, immunology with	Practical skills 2: surgical skills	Fundamentals of Research	Biostatistics		Medical Microbiology, virology, immunology with
	14:30-15:50		Biostatistics			Basics of Parasitology			Medical biochemistry	Armenian language	
		Biostatistics			Basics of Parasitology			Medical biochemistry	Armenian language		
16:10-17:30											
III	9:30-10:50			Medical Microbiology, virology, immunology with	Medical biochemistry			Human physiology			
				Medical Microbiology, virology, immunology with	Medical biochemistry			Human physiology			
	11:10-12:30	Fundamentals of Research		Medical biochemistry	Philosophy	Practical skills 2: surgical skills	Human physiology	Medical biochemistry	Medical biochemistry		Fundamentals of Research
		Fundamentals of Research		Medical biochemistry	Philosophy	Practical skills 2: surgical skills	Human physiology	Medical biochemistry	Medical biochemistry		Fundamentals of Research
	12:50-14:10	Medical biochemistry	Human physiology	Practical skills 2: surgical skills	Fundamentals of Research	Philosophy	Biostatistics	Basics of Parasitology		Human physiology	Medical biochemistry
		Medical biochemistry	Human physiology	Practical skills 2: surgical skills	Fundamentals of Research	Philosophy	Biostatistics	Basics of Parasitology		Human physiology	Medical biochemistry
	14:30-15:50	Medical Microbiology, virology, immunology with	Medical biochemistry		Biostatistics	Armenian language		Human physiology		Medical biochemistry	Human physiology
Medical Microbiology, virology, immunology with		Medical biochemistry		Biostatistics	Armenian language		Human physiology		Medical biochemistry	Human physiology	
16:10-17:30	Practical skills 2: surgical skills	Armenian language					Biostatistics				
IV	9:30-10:50					Human physiology	Medical biochemistry	Bioethics	Medical Microbiology, virology, immunology with		Medical biochemistry
						Human physiology	Medical biochemistry		Bioethics		Medical biochemistry
	11:10-12:30						Fundamentals of Research	Fundamentals of Research			Bioethics
		Bioethics					Fundamentals of Research	Fundamentals of Research			Bioethics
	12:50-14:10	Human physiology		Basics of Parasitology	Medical Microbiology, virology, immunology with	Medical biochemistry	Philosophy	Armenian language	Human physiology	Basics of Parasitology	Armenian language
		Human physiology	Medical Microbiology, virology, immunology with	Basics of Parasitology	Medical Microbiology, virology, immunology with	Medical biochemistry	Philosophy	Armenian language	Human physiology	Basics of Parasitology	Armenian language
	14:30-15:50	Flow Fundamentals of Research, Basics of Sexology, Communication skills in medicine 7 room									
16:10-17:30		Medical biochemistry								Practical skills 2: surgical skills	
		Medical biochemistry								Practical skills 2: surgical skills	
V	9:30-10:50	Philosophy			Fundamentals of Research				Basics of Parasitology	Medical Microbiology, virology, immunology with	
		Philosophy							Basics of Parasitology	Medical Microbiology, virology, immunology with	
	11:10-12:30		Bioethics	Medical Microbiology, virology, immunology with	Human physiology		Medical Microbiology, virology, immunology with		Fundamentals of Research	Medical biochemistry	Philosophy
		Medical Microbiology, virology, immunology with	Fundamentals of Research		Human physiology		Bioethics		Fundamentals of Research	Medical biochemistry	Philosophy
	12:50-14:10	Fundamentals of Research	Philosophy	Human physiology	Armenian language	Medical Microbiology, virology, immunology with	Fundamentals of Research	Medical Microbiology, virology, immunology with	Practical skills 2: surgical skills	Fundamentals of Research	Biostatistics
			Philosophy	Human physiology	Armenian language	Medical Microbiology, virology, immunology with	Fundamentals of Research	Medical Microbiology, virology, immunology with	Practical skills 2: surgical skills	Fundamentals of Research	Biostatistics
	14:30-15:50		Basics of Parasitology	Philosophy	Practical skills 2: surgical skills	Fundamentals of Research	Armenian language	Medical biochemistry		Biostatistics	
		Basics of Parasitology	Philosophy	Practical skills 2: surgical skills		Armenian language	Medical biochemistry		Biostatistics		
16:10-17:30			Medical biochemistry
