

WELCOME TO THE IPVZ CAREER CENTER

A unique career center for healthcare professionals

Education

- Courses in professional Czech language with medical terminology, from A1 to B2.
- Preparatory courses for the recognition exams for doctors, dentists, and pharmacists.
- E-learning courses on communication with patients from different countries to improve the quality of care and interaction.
- Educational videos on useful topics.

Support

- Advice on qualification and specialization confirmation, labor law, employment, and other important aspects.
- Possibility of covering financial costs associated with the recognition practice.

Connection

- We collaborate with healthcare facilities across the Czech Republic and provide up-to-date information on job vacancies.
- We organize meetings for healthcare professionals to support the exchange of experiences and professional development.
