I	9:30-10:50	**Flow | Developmental Psychology, General surgery | 1 room**									
		Flow | Child and Adult Disease Propaedeutic, Propaedeutics of internal diseases | 4 room									
	11:10-12:30		Pathophysiology with molecular biology	Pharmacology	Medical Microbiology	Pathological Anatomy	Pathological Anatomy	Medical Microbiology	Pharmacology	Medical Microbiology	
			Pathophysiology with molecular biology	Pharmacology	Medical Microbiology	Pathological Anatomy	Pathological Anatomy	Medical Microbiology	Pharmacology	Medical Microbiology	
	12:50-14:10	Propaedeutics of internal diseases	Pharmacology	Surgery technical skills	Armenian language	Armenian language	Pathophysiology with molecular biology	Pharmacology	General surgery	Human Rights, Medical Low	Medical Microbiology
		Propaedeutics of internal diseases	Pharmacology	Surgery technical skills	Armenian language	Armenian language	Pathophysiology with molecular biology	Pharmacology	General surgery	Human Rights, Medical Low	Pathophysiology with molecular biology
	14:30-15:50	Propaedeutics of internal diseases	Human Rights, Medical Low	Surgery technical skills		Pharmacology			General surgery	Pathological Anatomy	Pharmacology
		Propaedeutics of internal diseases	Human Rights, Medical Low	Surgery technical skills		Pharmacology			General surgery	Pathophysiology with molecular biology	Pharmacology
	16:10-17:30										Pathological Anatomy
II	9:30-10:50	Medical Microbiology	Propaedeutics of internal diseases		Surgery technical skills	Pathophysiology with molecular biology	Medical Microbiology	General surgery	Pathophysiology with molecular biology	Surgery technical skills	
		Pathological Anatomy	Propaedeutics of internal diseases		Surgery technical skills	Pathophysiology with molecular biology	Medical Microbiology	General surgery	Pathophysiology with molecular biology	Surgery technical skills	
	11:10-12:30	Pharmacology	Propaedeutics of internal diseases	Clinical Skills: "Patients care (therapy and surgery)"	Surgery technical skills	Medical Microbiology		General surgery		Surgery technical skills	Clinical Skills: "Patients care (therapy and surgery)"
		Pharmacology	Propaedeutics of internal diseases	Clinical Skills: "Patients care (therapy and surgery)"	Surgery technical skills			General surgery	Medical Microbiology	Surgery technical skills	Clinical Skills: "Patients care (therapy and surgery)"
	12:50-14:10	Pathophysiology with molecular biology	Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Pharmacology	Pharmacology	General surgery	Armenian language	Surgery technical skills	Armenian language	General surgery
		Pathophysiology with molecular biology	Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Pharmacology	Pharmacology	General surgery	Armenian language	Surgery technical skills	Armenian language	General surgery
	14:30-15:50	Human Rights, Medical Low		Propaedeutics of internal diseases	Pathophysiology with molecular biology	Clinical Skills: "Patients care (therapy and surgery)"	General surgery	Human Rights, Medical Low	Surgery technical skills	Pharmacology	General surgery
		Human Rights, Medical Low		Propaedeutics of internal diseases	Pathophysiology with molecular biology	Clinical Skills: "Patients care (therapy and surgery)"	General surgery	Human Rights, Medical Low	Surgery technical skills	Pharmacology	General surgery
	16:10-17:30										Pathological Anatomy
											Pathological Anatomy
III	9:30-10:50	**Flow | Pharmacology, Medical Microbiology | 8 room**									
		Flow | Pathophysiology with molecular biology, Pathological Anatomy | 1 room									
	11:10-12:30	Medical Microbiology	Pharmacology	Pathophysiology with molecular biology	Pathological Anatomy	Pathological Anatomy	Pharmacology		Pathological Anatomy	Pathophysiology with molecular biology	Pharmacology
		Medical Microbiology	Pharmacology	Pathological Anatomy		Pathophysiology with molecular biology	Pharmacology	Medical Microbiology	Pathophysiology with molecular biology	Pathophysiology with molecular biology	Pharmacology
	12:50-14:10	Surgery technical skills	Pathological Anatomy	Medical Microbiology	Propaedeutics of internal diseases	General surgery	Medical Microbiology	Pathological Anatomy	Pharmacology	Pathological Anatomy	Pathophysiology with molecular biology
		Surgery technical skills	Pathophysiology with molecular biology	Medical Microbiology	Propaedeutics of internal diseases	General surgery	Pathological Anatomy	Pathological Anatomy	Pharmacology	Pathological Anatomy	Pathophysiology with molecular biology
	14:30-15:50	Surgery technical skills	Medical Microbiology	Armenian language	Propaedeutics of internal diseases	General surgery	Clinical Skills: "Patients care (therapy and surgery)"	Pathophysiology with molecular biology			Human Rights, Medical Low
		Surgery technical skills	Medical Microbiology	Armenian language	Propaedeutics of internal diseases	General surgery	Clinical Skills: "Patients care (therapy and surgery)"	Pathophysiology with molecular biology			Human Rights, Medical Low
	16:10-17:30										
IV	9:30-10:50		Surgery technical skills	General surgery		Propaedeutics of internal diseases	Propaedeutics of internal diseases	Surgery technical skills	Armenian language	Pharmacology	
		Pathophysiology with molecular biology	Surgery technical skills	General surgery		Propaedeutics of internal diseases	Propaedeutics of internal diseases	Surgery technical skills	Armenian language	Pharmacology	
	11:10-12:30	Armenian language	Surgery technical skills	General surgery	Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Propaedeutics of internal diseases	Surgery technical skills	Human Rights, Medical Low	Medical Microbiology	
		Armenian language	Surgery technical skills	General surgery	Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Propaedeutics of internal diseases	Surgery technical skills	Human Rights, Medical Low	Pathophysiology with molecular biology	
	12:50-14:10	Pharmacology	Pathological Anatomy	Human Rights, Medical Low	General surgery	Surgery technical skills	Surgery technical skills	Pharmacology	Medical Microbiology	General surgery	Armenian language
		Pharmacology	Pathological Anatomy	Human Rights, Medical Low	General surgery	Surgery technical skills	Surgery technical skills	Pharmacology	Medical Microbiology	General surgery	Armenian language
	14:30-15:50	Pathological Anatomy	Armenian language	Pharmacology	General surgery	Surgery technical skills	Surgery technical skills	Pathological Anatomy	Pathological Anatomy	General surgery	Medical Microbiology
		Pathological Anatomy	Armenian language	Pharmacology	General surgery	Surgery technical skills	Surgery technical skills	Pathophysiology with molecular biology	Pathological Anatomy	General surgery	Medical Microbiology
	16:10-17:30	**Flow | Academic writing and ethics, Modern diagnostic methods in rehabilitation | 1 room**									
		Flow | General surgery , Artificial intelligence in medicine | 4 room									
V	9:30-10:50	General surgery	Medical Microbiology		Pathophysiology with molecular biology		Human Rights, Medical Low		Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Surgery technical skills
		General surgery			Medical Microbiology		Human Rights, Medical Low		Clinical Skills: "Patients care (therapy and surgery)"	Propaedeutics of internal diseases	Surgery technical skills
	11:10-12:30	General surgery		Medical Microbiology	Pharmacology	Medical Microbiology	Armenian language	Clinical Skills: "Patients care (therapy and surgery)"		Propaedeutics of internal diseases	Surgery technical skills
		General surgery			Pharmacology	Medical Microbiology	Armenian language	Clinical Skills: "Patients care (therapy and surgery)"		Propaedeutics of internal diseases	Surgery technical skills
