ARM/ 067 /2021

01 April 2021

Dear Dr. Muradyan,

On behalf of the Representation of the United Nations High Commissioner for Refugees (UNHCR) in Armenia, I would like to thank you for the fruitful cooperation between UNHCR and "Heratsi" Medical Complex.

UNHCR is mandated by the UN General Assembly to provide international protection and humanitarian assistance and seek durable solutions for persons within its core mandate responsibilities. UNHCR staff members work hard across the country, to ensure the protection and wellbeing of asylum-seekers, refugees, stateless people, as well as persons in refugee-like-situation hosted in Armenia.

To this end and to ensure that UNHCR employees meet and maintain the UN standards of fitness enabling them to perform their duties, it is required that they undergo entry and periodic examinations, as appropriate. We thereby state with contentment that starting from 2020, UNHCR has been benefitting from the services of your health centre's medical workers in that regard.

We would like to take this opportunity and thank the management and staff of "Heratsi" Medical Complex once again, and especially Dr. Sona Termenjyan for her high level of professionalism, caring approach and incredible dedication.

Once again, please accept our appreciation and the assurances of our highest consideration.

Yours sincerely,

Anna-Carin Öst
Representative
